

# SOUL EATER

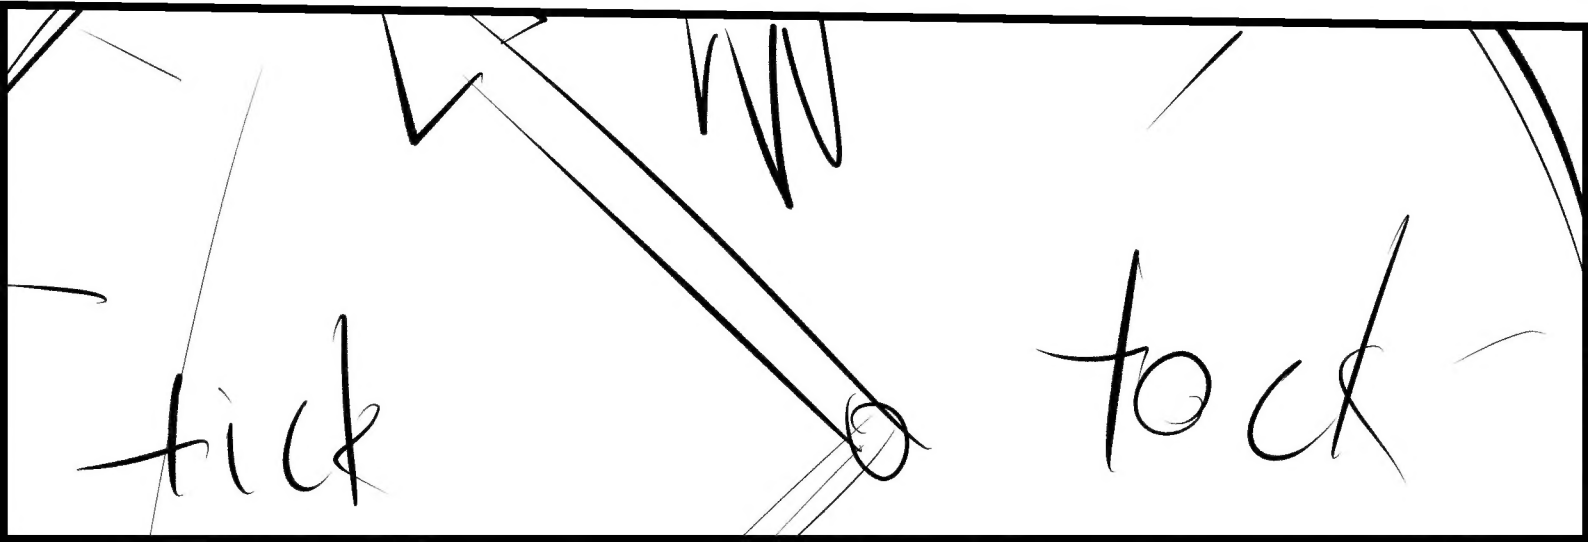

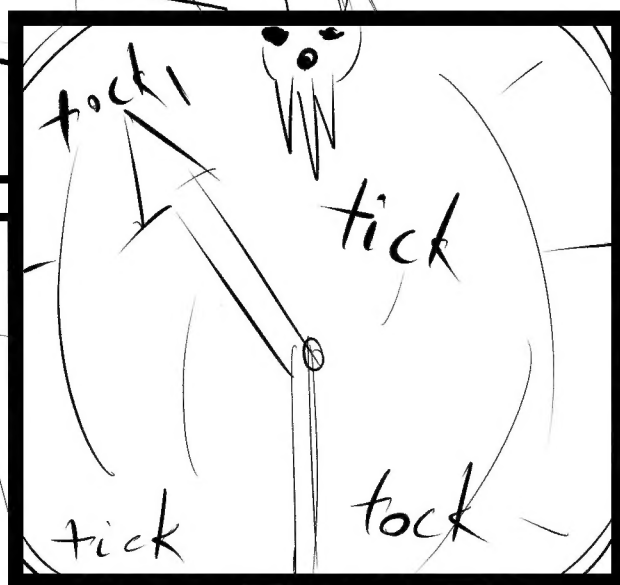

## 22

Post...

Heavy  
choices

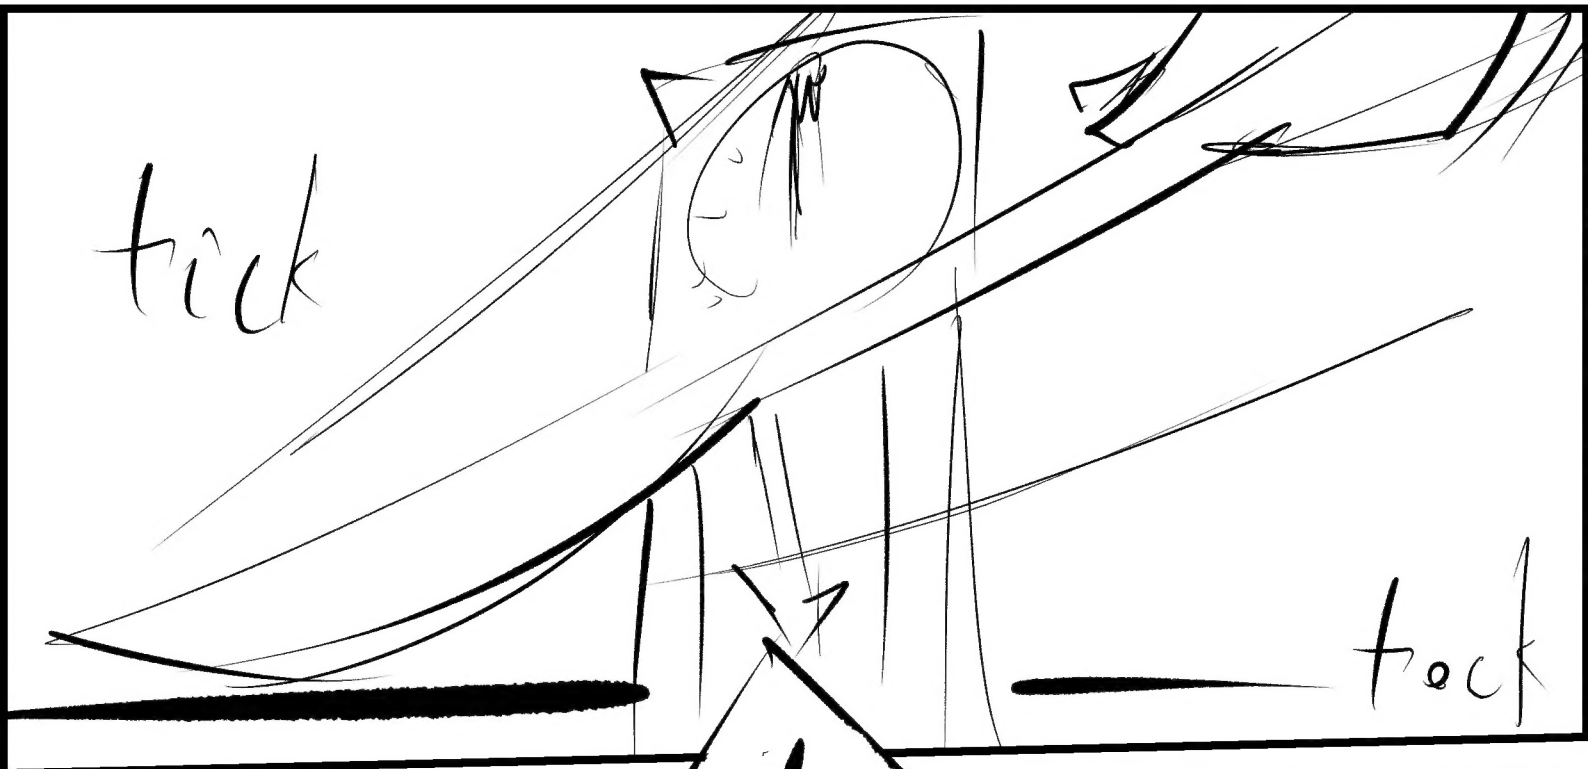

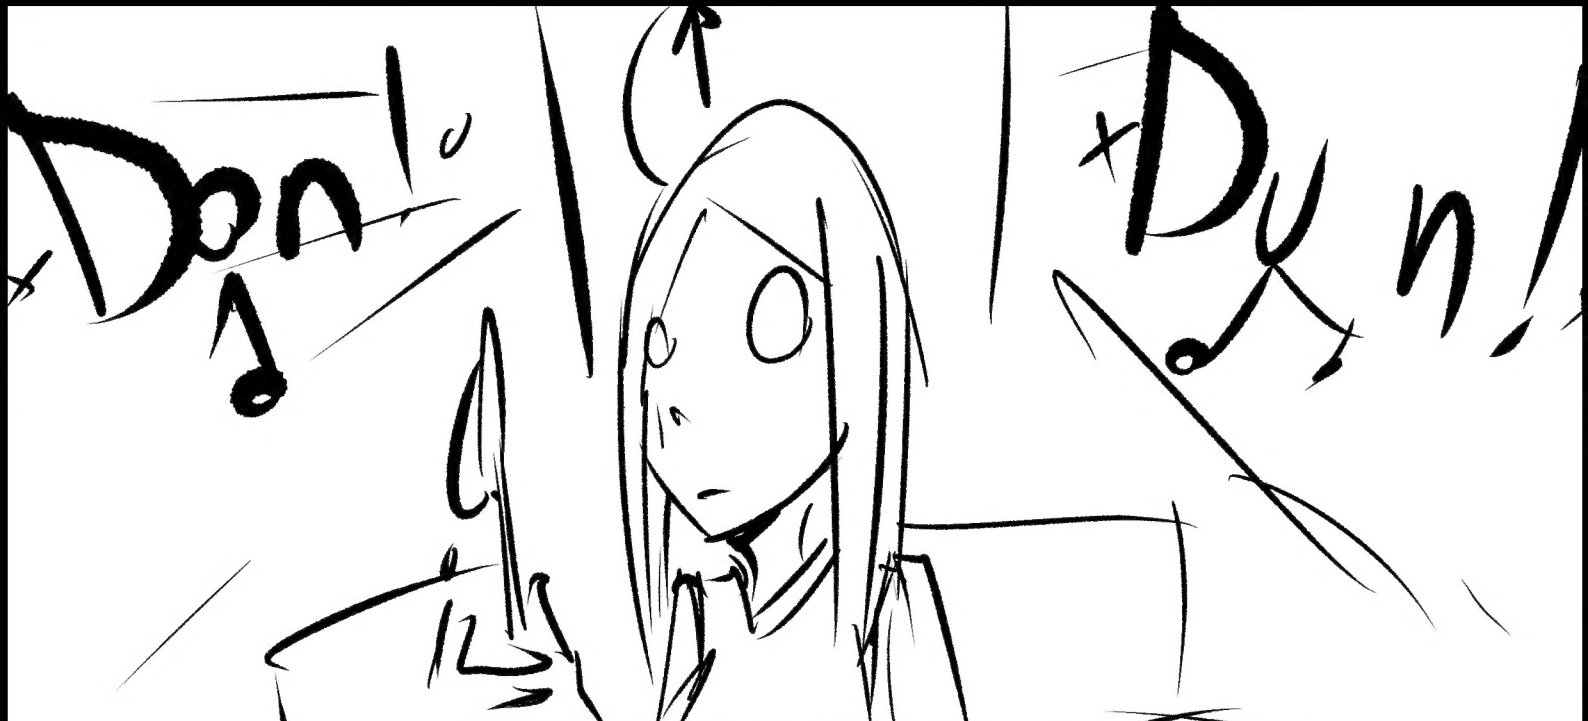

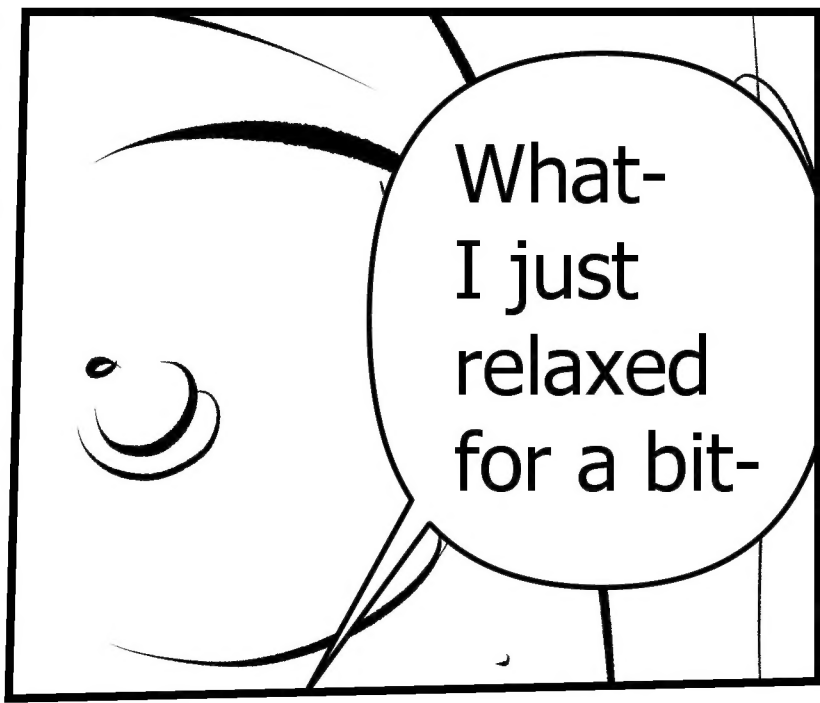

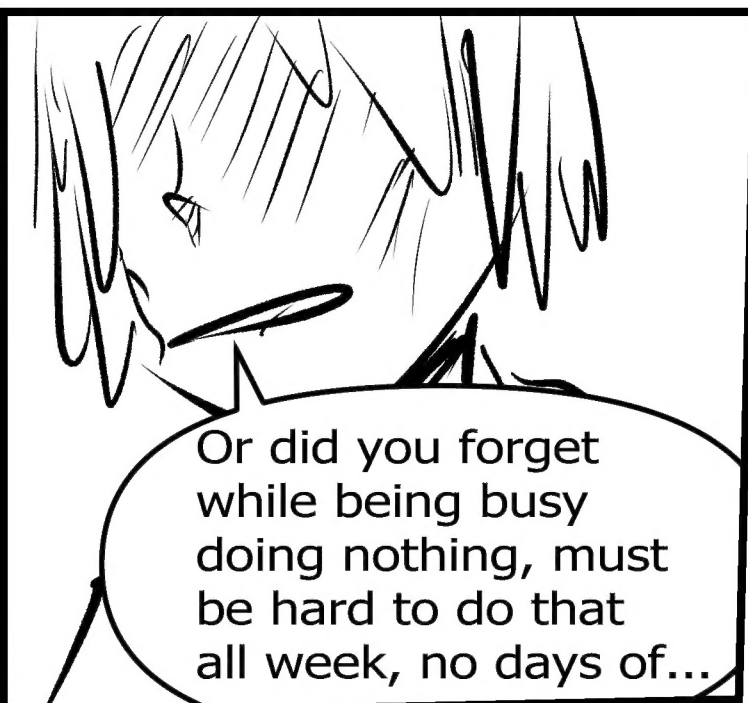

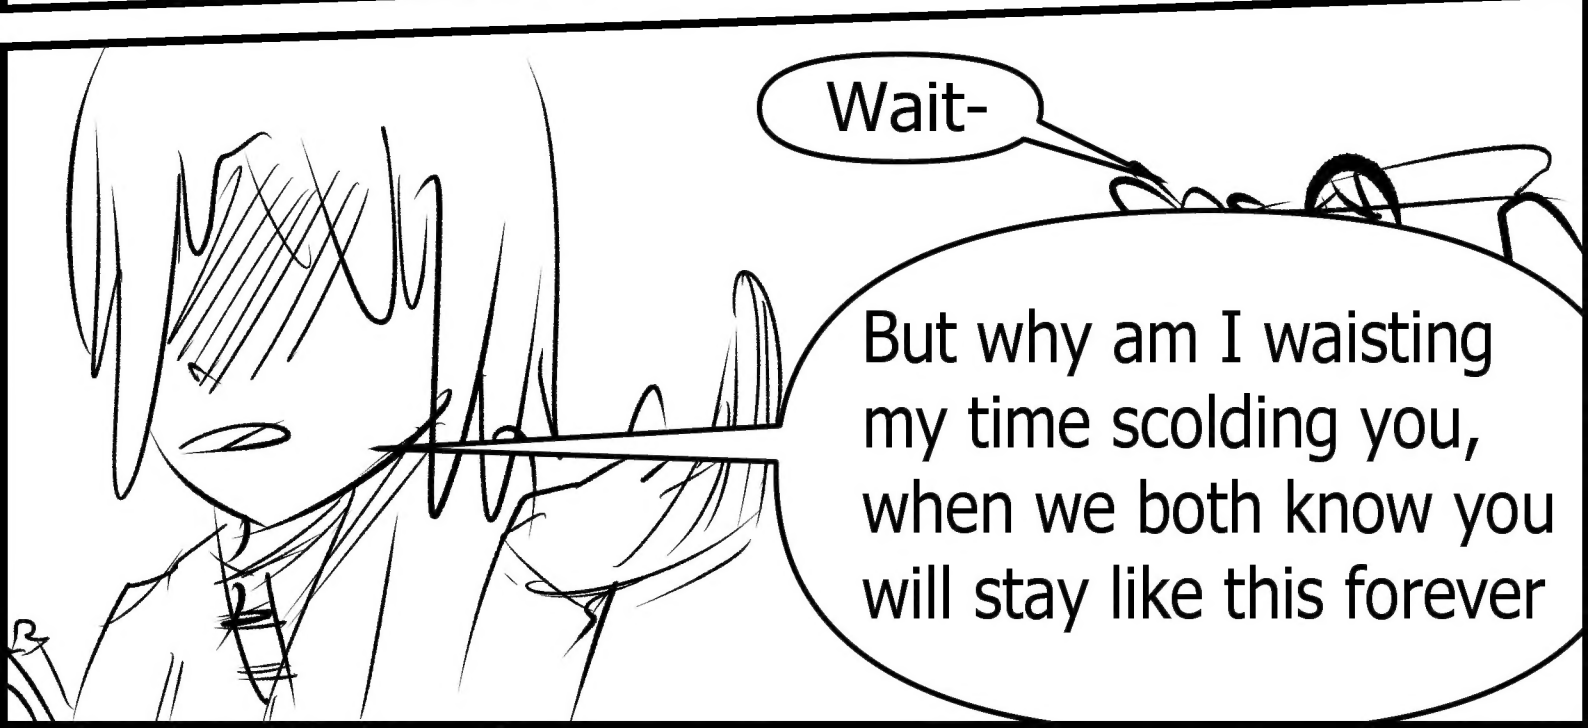

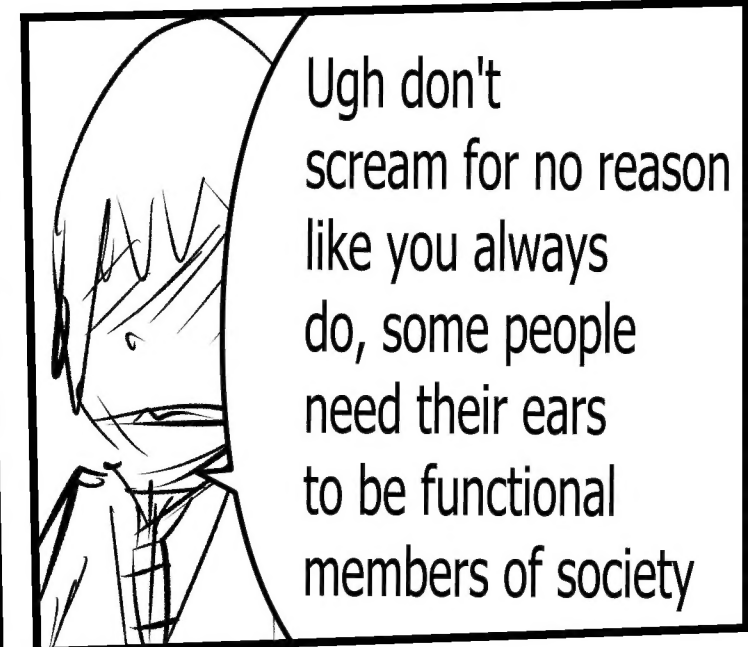

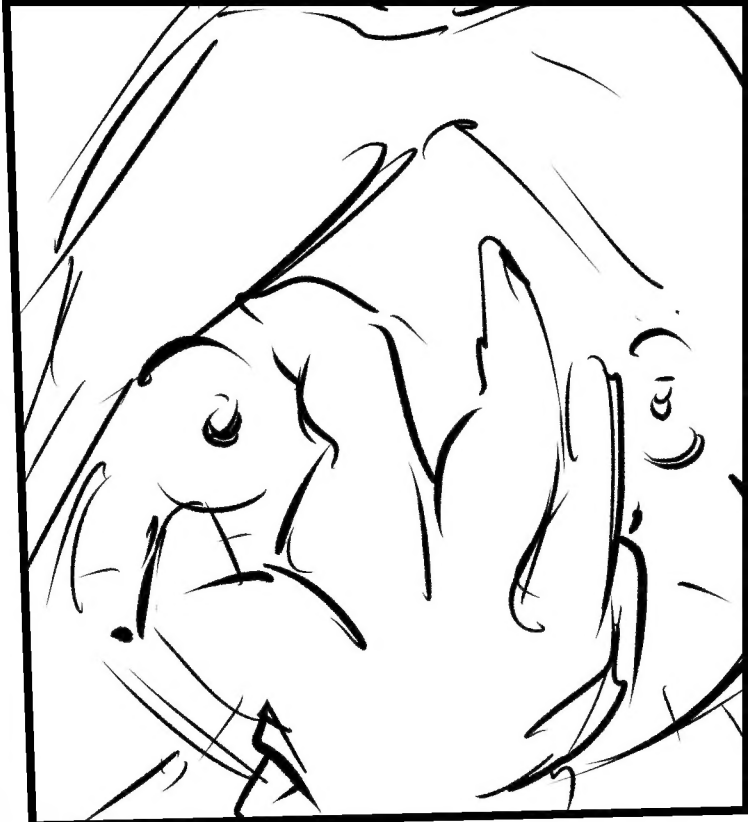

Sorry  
I have  
another  
mission  
with Kid

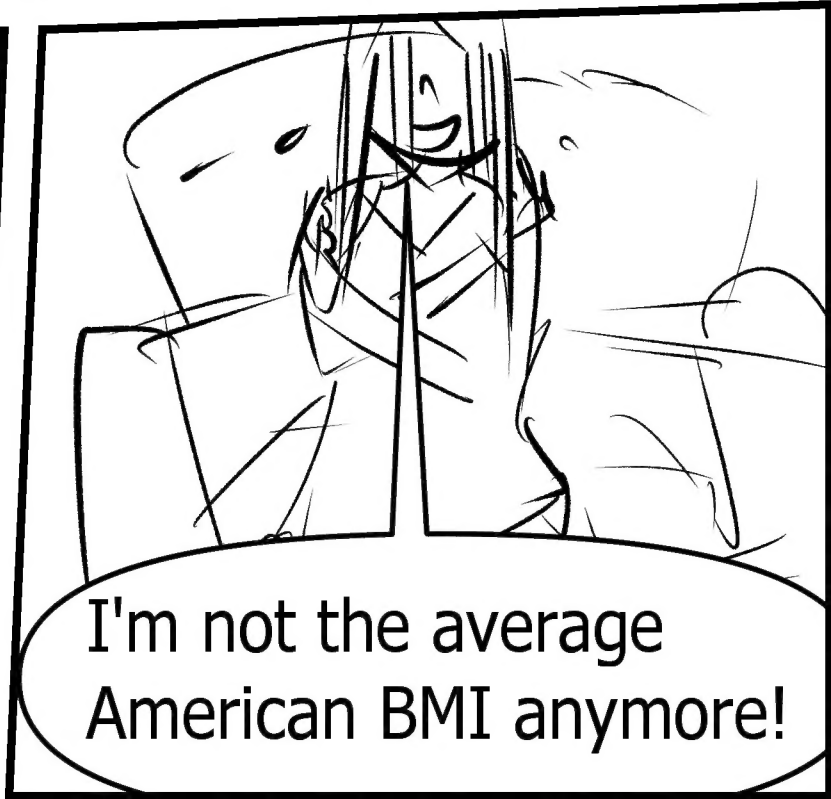

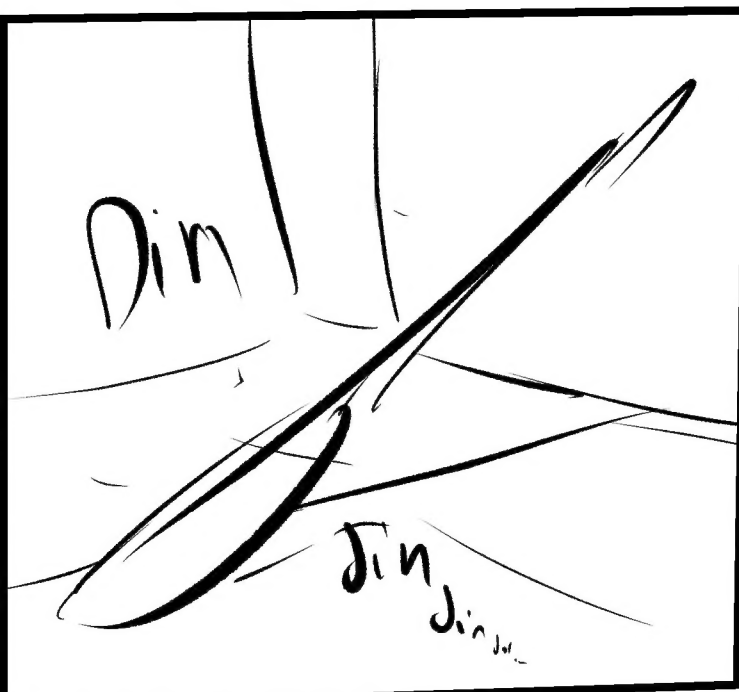

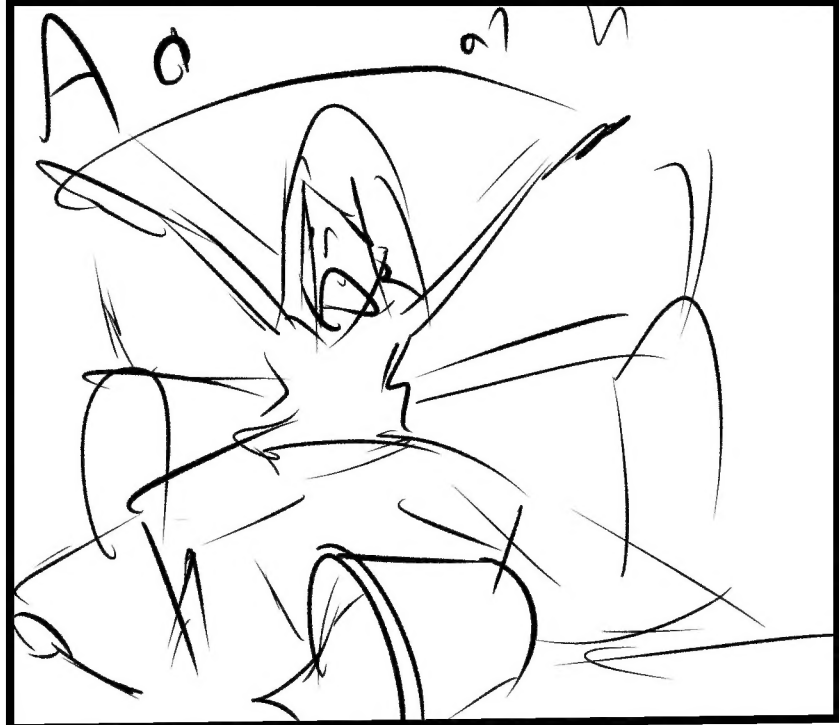

And you know

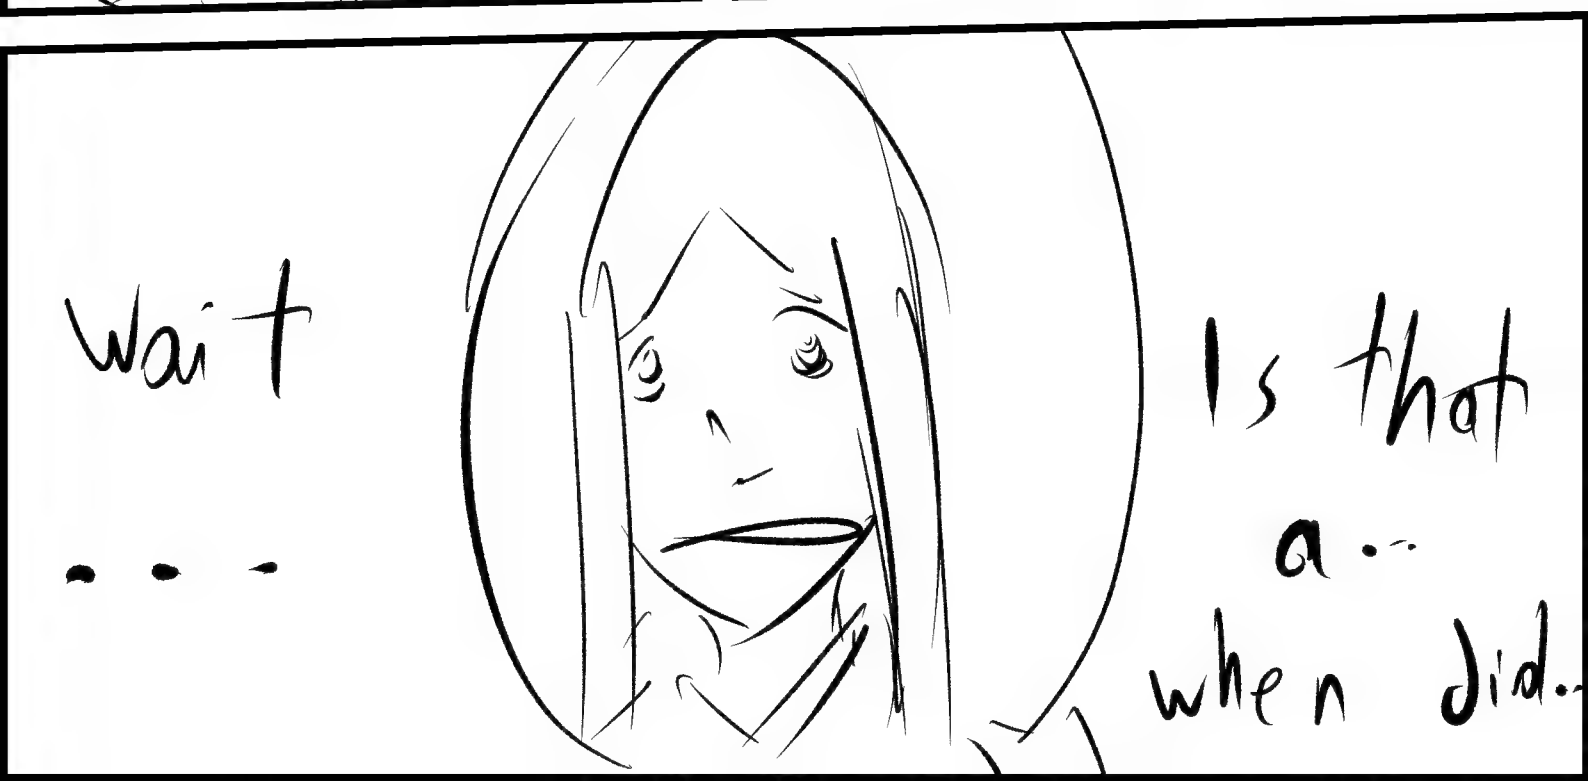

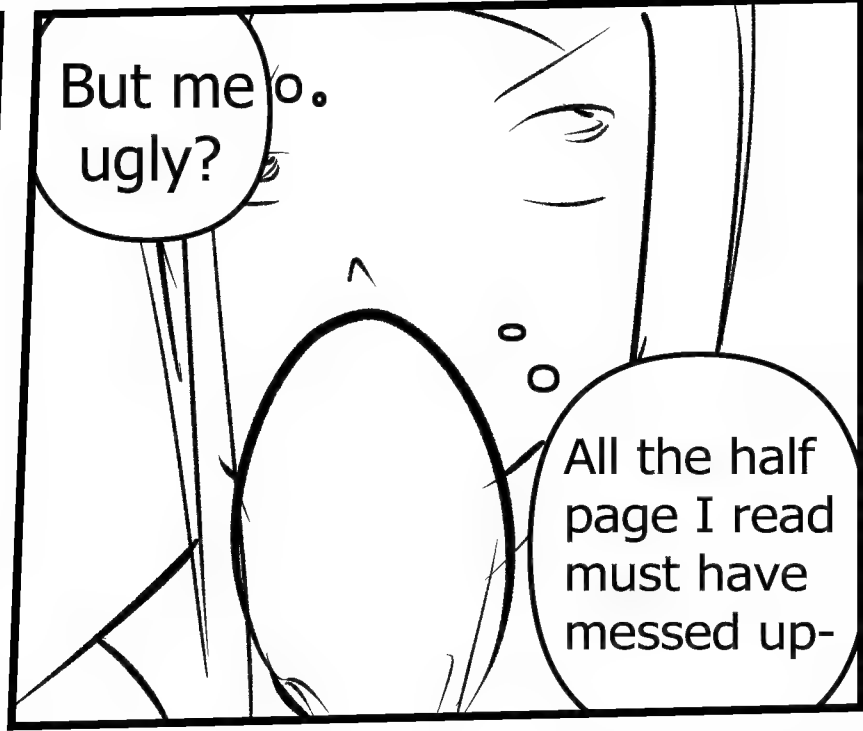

how he is

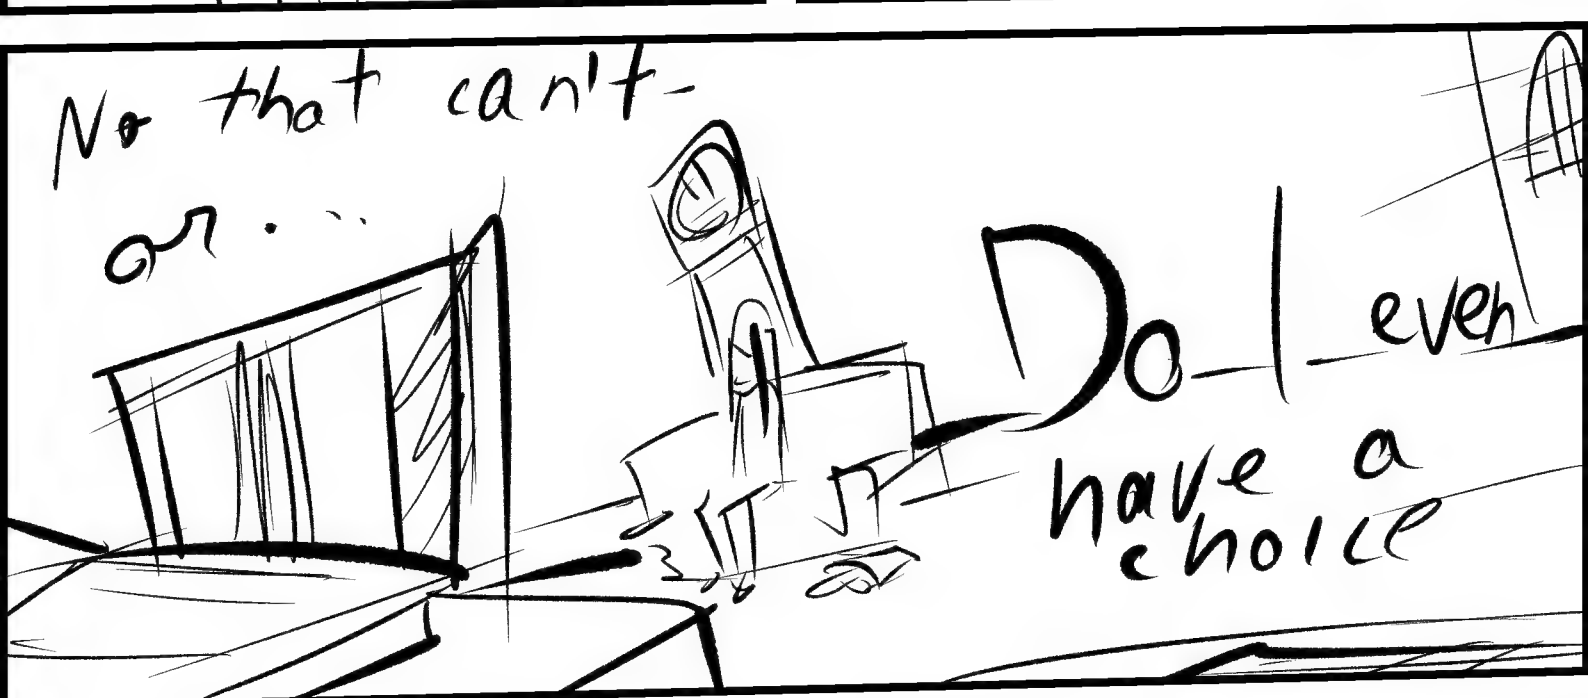

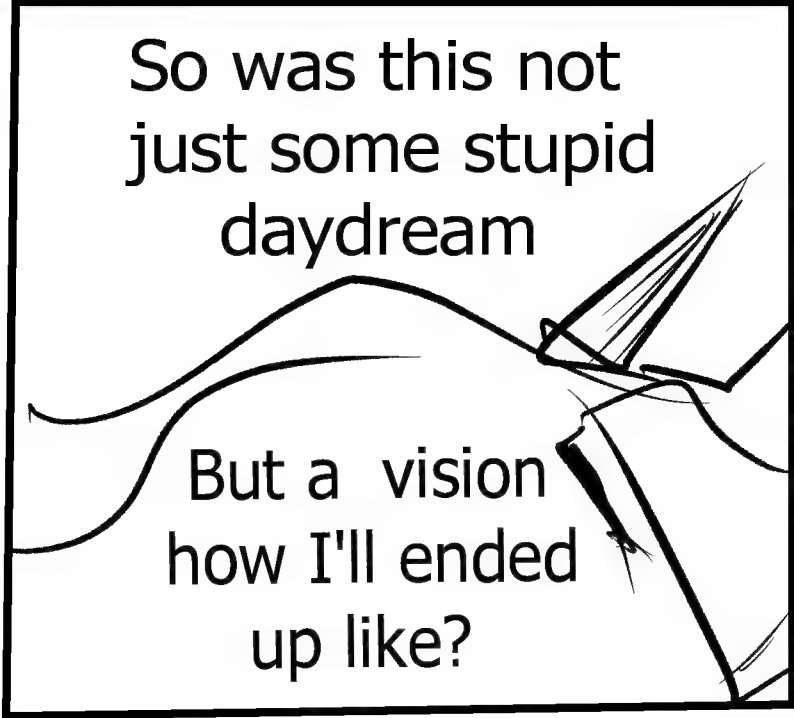

Death (●●●) doesn't wait  
for anybody

Really gets  
anoying  
sometimes,  
even his  
symmetry  
obsession  
was easier  
to handle

DON

Oh wasn't it  
already obvious  
after our first  
little rendezvou?

Pumpkin

Puff

At the time you abandoned little  
Maka and her new pet flamingo  
to fight to their death or something...

Back then..

I must  
make  
haste...

Ouch!

Ban

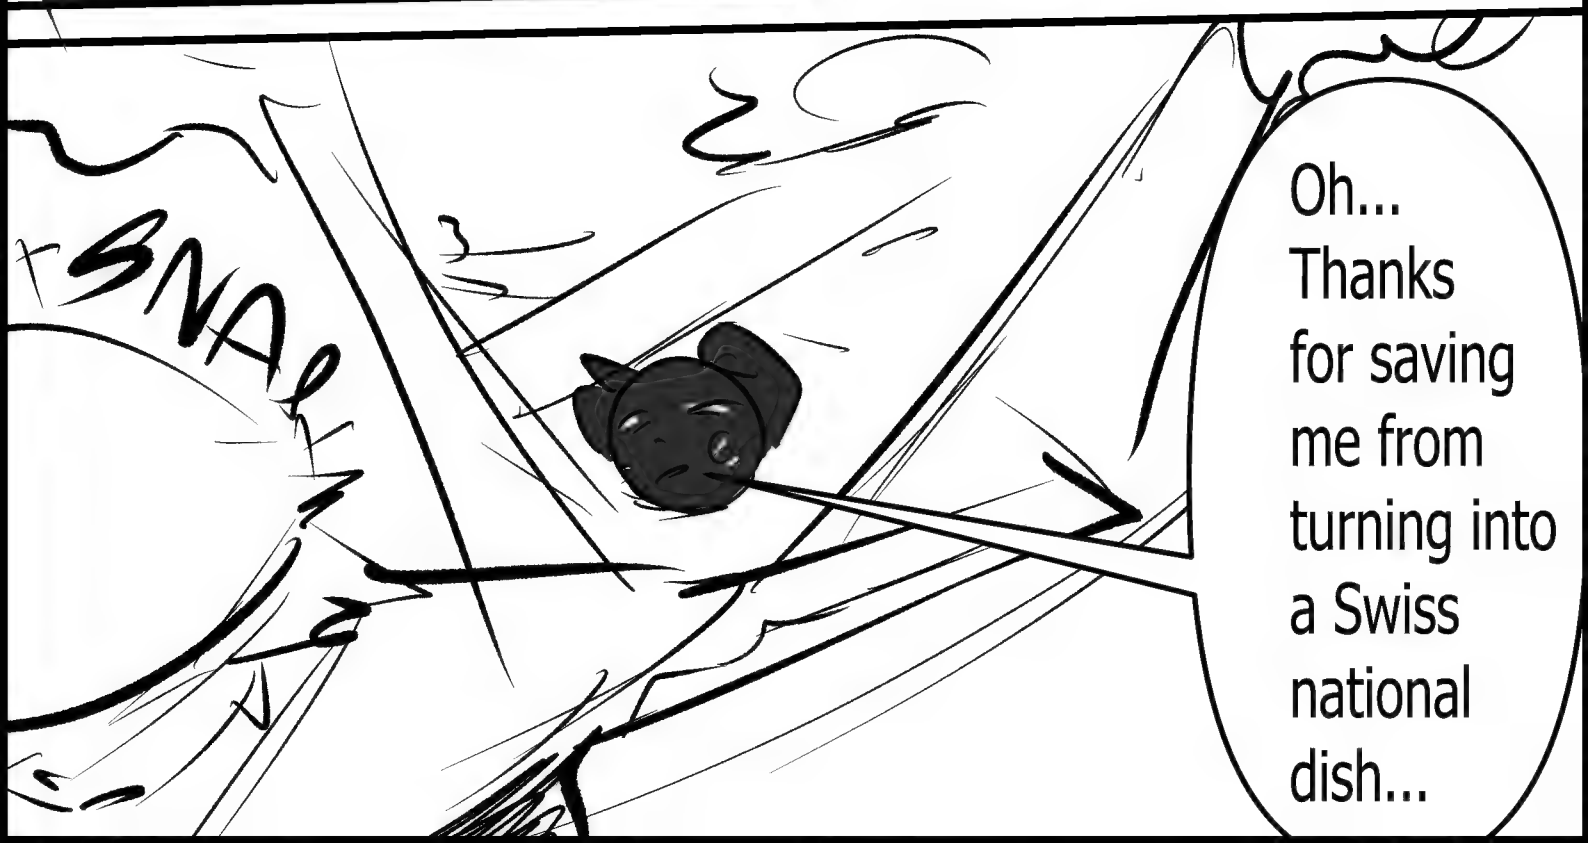

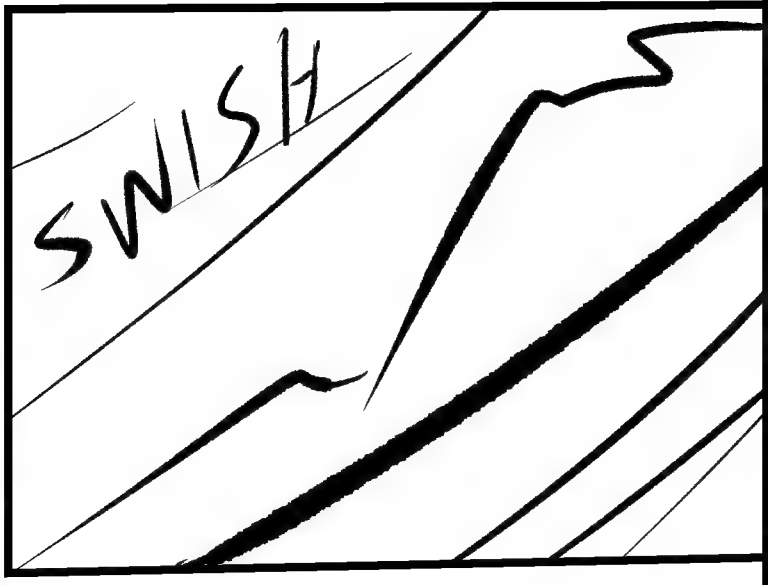

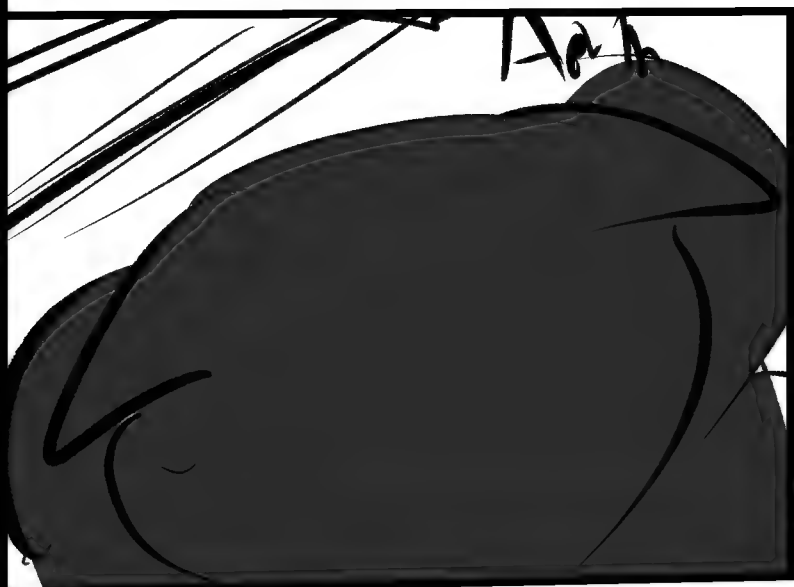

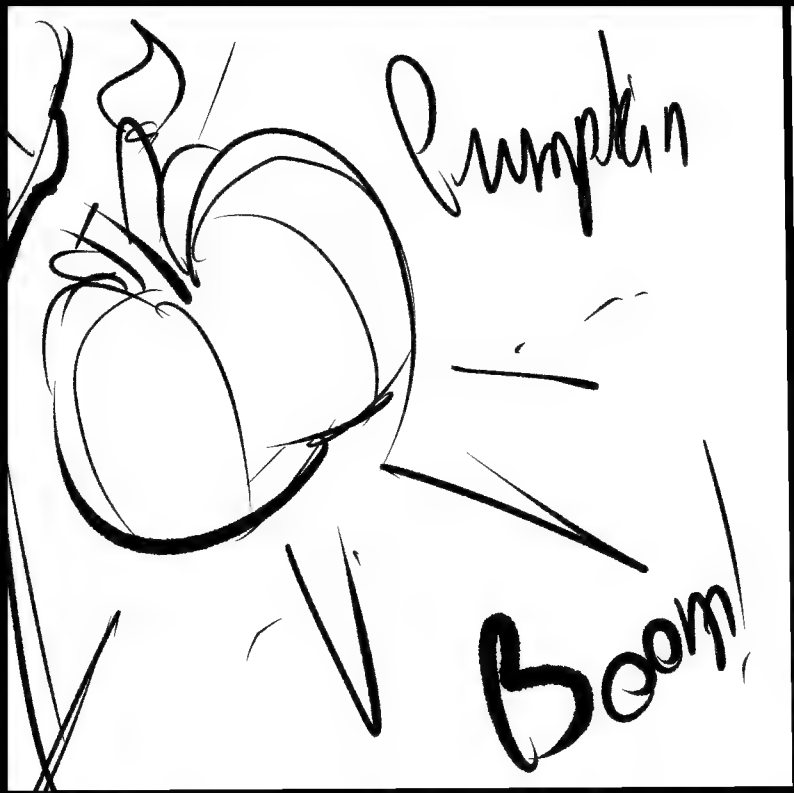

More  
explosions,  
this must be  
the work of-

xbang

Ugh, maybe  
another try  
won't hurt...  
any more...

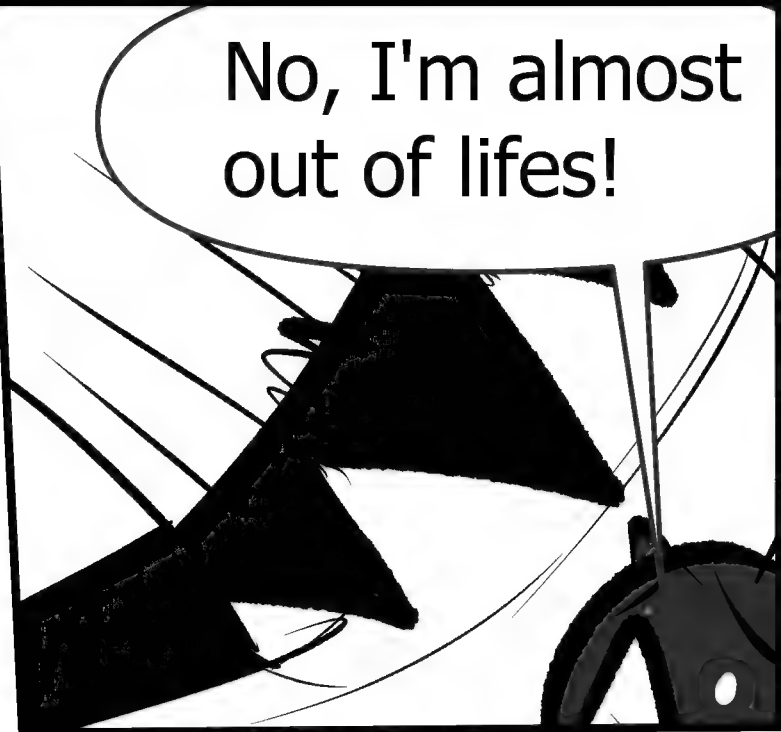

a cat?

Wait pretty boy,  
what are you-

No, I'm almost  
out of lifes!

Did you  
free me  
so it's easier  
to get to the  
tastiest bits?

Do not  
fear, I  
don't attack  
without reason

I know that  
you aren't a  
witch afterall

Informed about  
that but not bout  
how to dress  
as a boy?  
At least the pink  
one had some  
excuse....

These clothes  
show my adoration  
to the way of the  
lord

Oh, that  
jerk...

Lord Death?  
What makes  
you think that?

Oh we go  
way back...

No, you  
can't mean-

Ugh not in that way,  
even I have limits that  
not any life time supply  
of tuna cans would  
change...

I still remember our first meeting...

Yo cool cat,  
wanna work  
for me in testing  
some students?

No

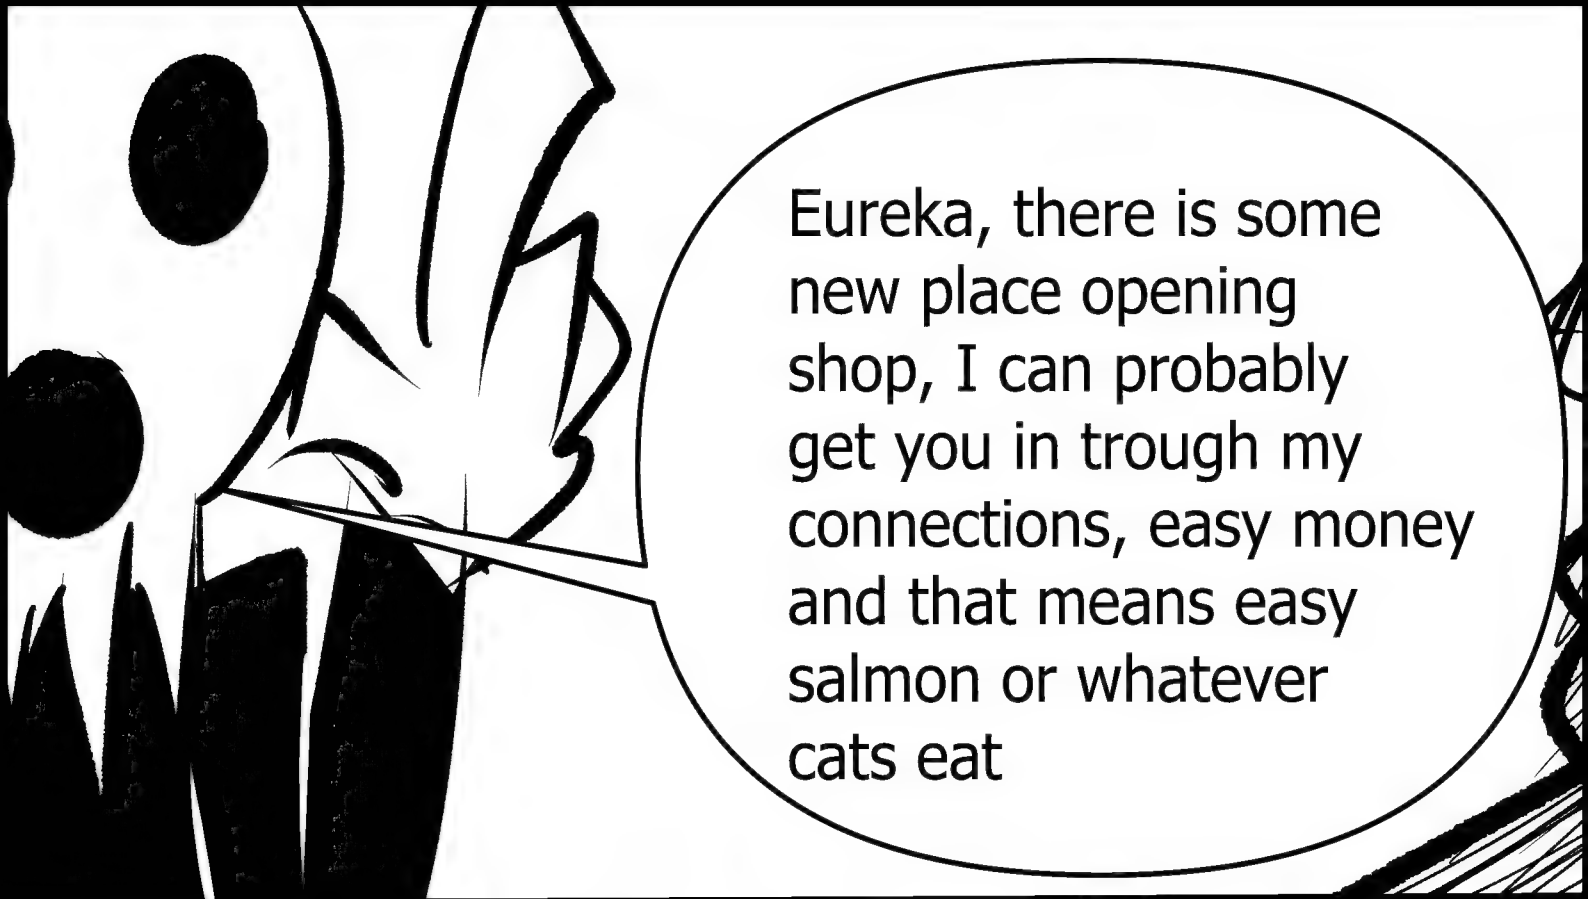

Just pretend  
to be a witch,  
I'll even trow  
in this hat!

Don't really have  
a choice do I, so  
what's in for me?

Eh dunno, I'll  
let you live here  
and bum of from  
people and...

Eureka, there is some new place opening shop, I can probably get you in trough my connections, easy money and that means easy salmon or whatever cats eat

And so I did everything what that so called god wantend and lived a cozy life with an no effort job and people I thought were my friends

I even helped in defending the city from attacks

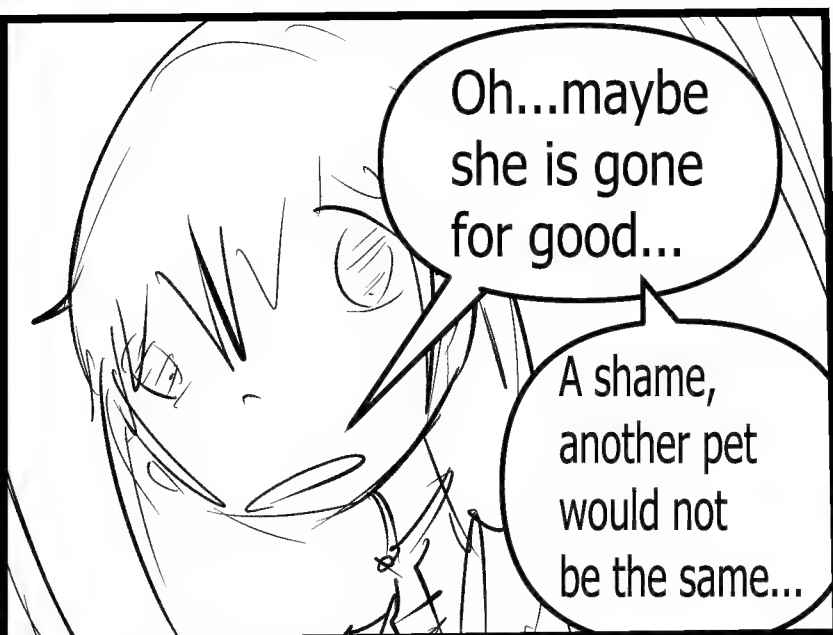

And was super important in making that robot thing functional!

All that time I thought they cared  
about me, but all I heard was celebration  
and at best - indifference...

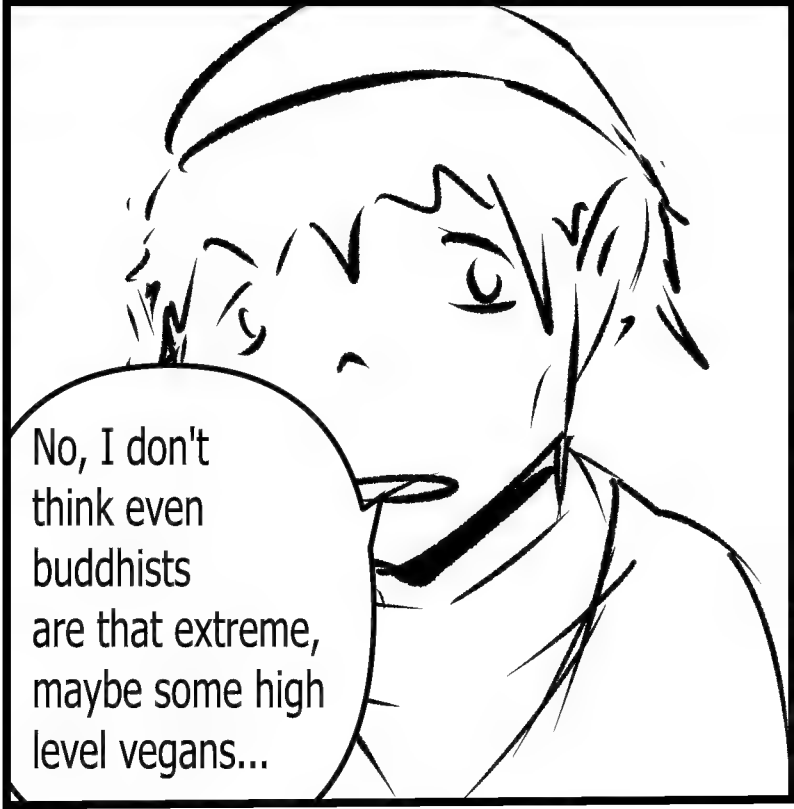

So yeah... I'm just a stupid cat

Knowing that, why did you save me or do you also not take antibiotics so germs don't die?

No, I don't think even buddhists are that extreme, maybe some high level vegans...

Oh than why? I know, because "I'm just such a cute kitty cat", a plush toy to place where you want, or post on the internet for attention

I wouldn't have thought that but it seems that's how you view yourself...

Hold on-

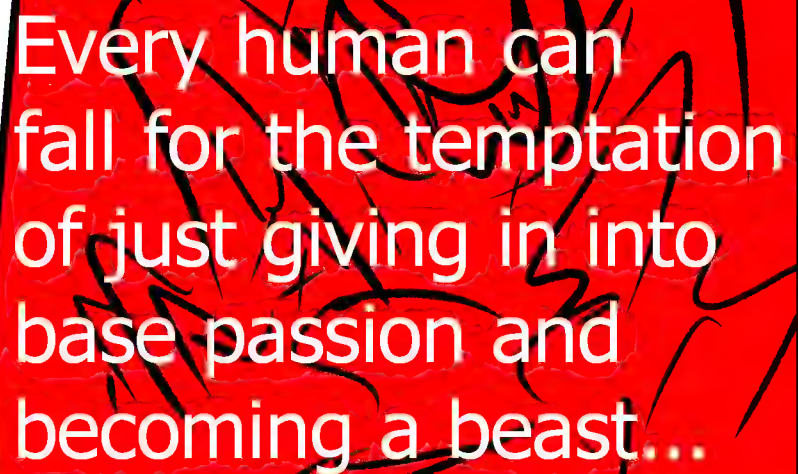

You said it, didn't you?

Even now you are in cat form, nobody is forcing you too

It has its  
advantage,  
it may make  
life easier  
for you

Every human can  
fall for the temptation  
of just giving in into  
base passion and  
becoming a beast...

Many kishineggs

start out that way

Oh you're blaming me,  
you with your pancake  
hat?

Seems I hit a  
sore spot, "if  
the shoe fit" as  
they say...

But I will let you  
know: I am not  
merely talking out  
of prejudice, I have  
heard about you and  
how you treated your  
roommates

Oh my  
good reputation  
spread that far!

I wouldn't call  
borderline sexual  
harasment "good"

What-  
No- I'm  
just-

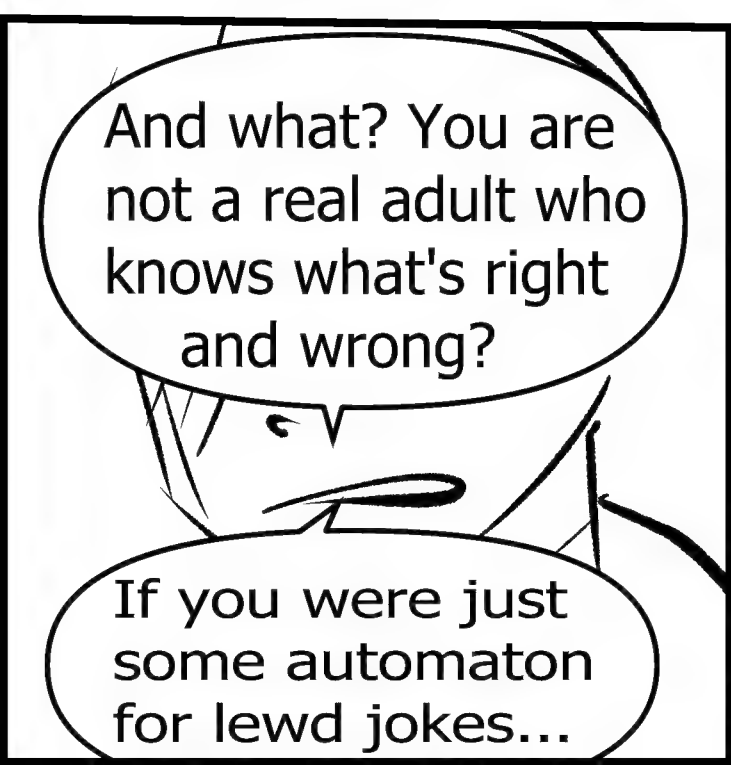

"Just a little  
cat, that didn't  
know any better"  
It's not like you  
knew the connotations  
of naked hugs for  
humankind...

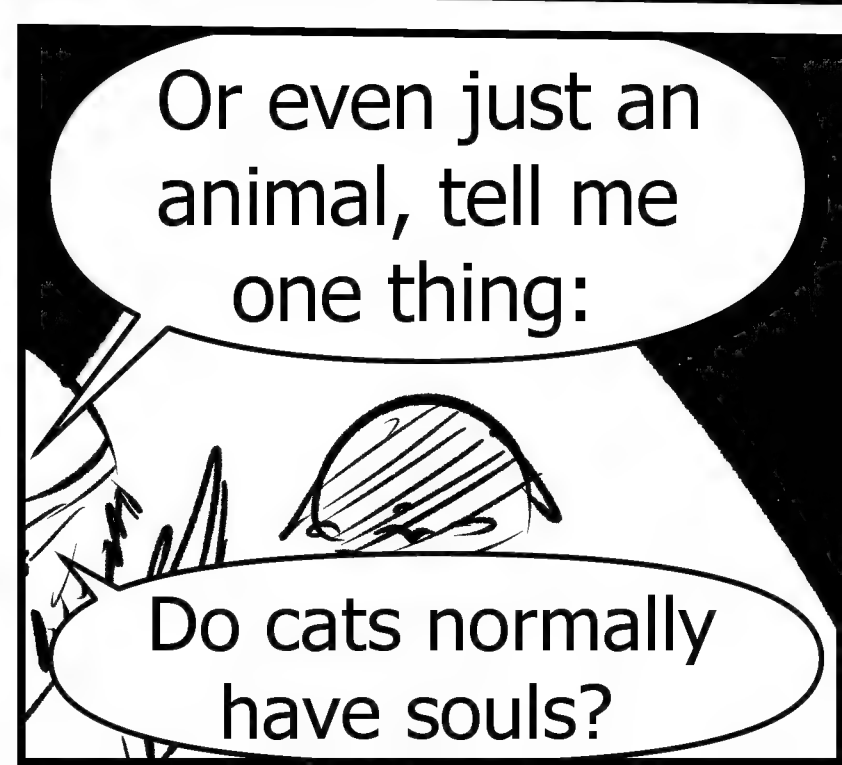

Not like anybody  
ever said anything  
or did anything in  
response to these  
actions...

Y-you make  
it sound all  
bad when it  
was just fun  
and-

And what? You are  
not a real adult who  
knows what's right  
and wrong?

If you were just  
some automaton  
for lewd jokes...

Or even just an  
animal, tell me  
one thing:

Do cats normally  
have souls?

Maybe I'm wrong and you  
are just an irrational creature  
that can't be reasoned with

But then be not surprised  
if others just treat you like  
that - an object to satisfy  
desires, whatever they be...

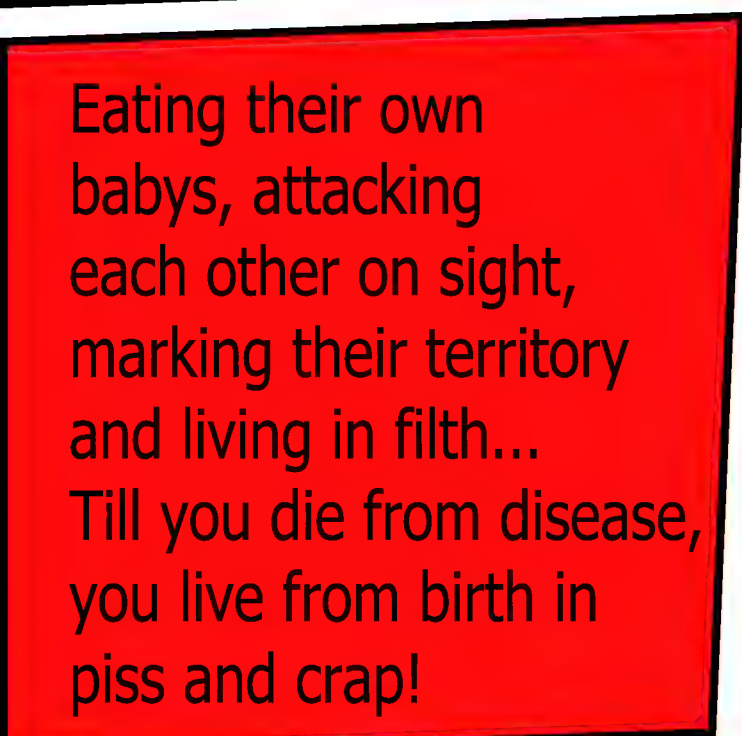

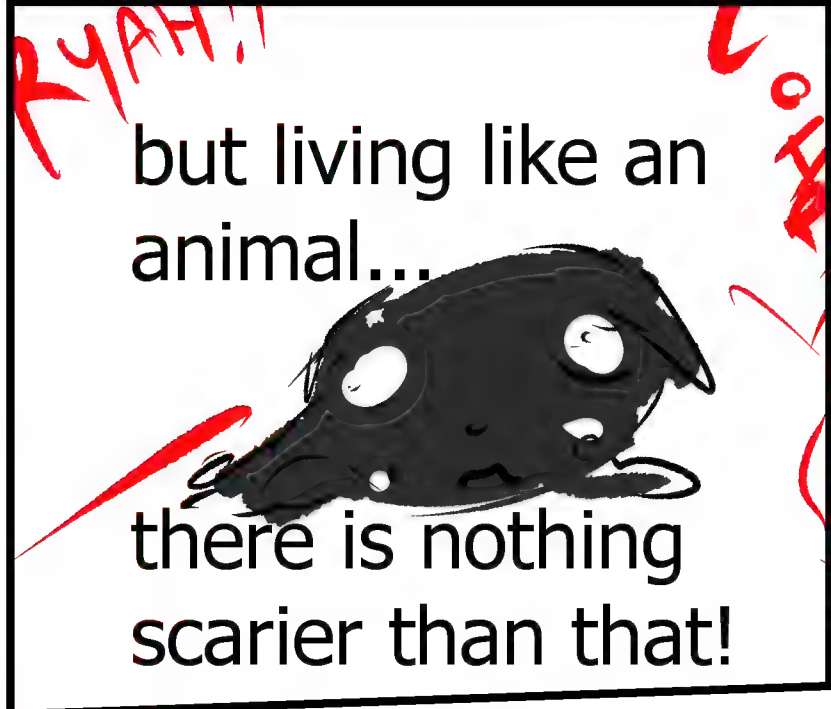

In some ways, living  
like that is probably  
a lot more easy-

Don't lecture  
me on my  
life being easy!

You think  
you know  
about the  
hard knocks  
life pretty boy?!

It never is easy to be some freak of nature!  
Even I know not to blame your so called god because  
even he couldn't be that cruel! But for some reason  
he had to remind how much I'm screwed

So strawhair, the last thing I wanna hear

is you trying to act all high and mighty!

Ju-just...  
Leave me alone and let me be eaten by another animal that's bigger and dumber than me...

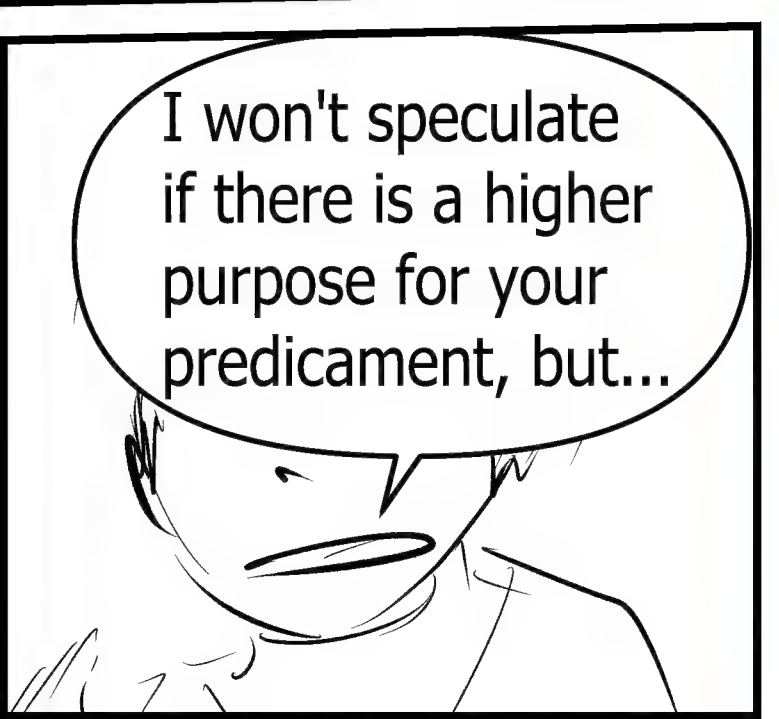

I'm sorry

huh?

I'm sorry that you had to experience such a difficult life

I am know for certain that you aren't just some wild feline with too much power, but someone who truly has a soul

I won't speculate if there is a higher purpose for your predicament, but...

I know that at least you have the choice, to decide if you are human or not...

To take all the responsibilities,  
all the pain and suffering but also  
the true joy...  
You have to take  
the leap yourself

I'll be in Death  
City in a few days

Yeah like  
I care...

Sometimes I  
tend to grow  
somber traveling  
alone and wish I  
had a companion that  
could help me do good

For now  
I leave,  
I hope  
you will  
figure it  
out...

After all that  
big talk, what  
do ya think I  
would do?

in a shock at a simmilar time

So what do  
you say

Giriko?

Leave the  
broad  
alone!

Aah!

Oh that  
doesn't sound  
like something  
lil Giriko  
would say...

Maybe the smell of blood

will jog your instincts...

Ah, always does  
the trick for me...

p-please...

Yeah...

SWISH  
xVroomx

IT  
DOES

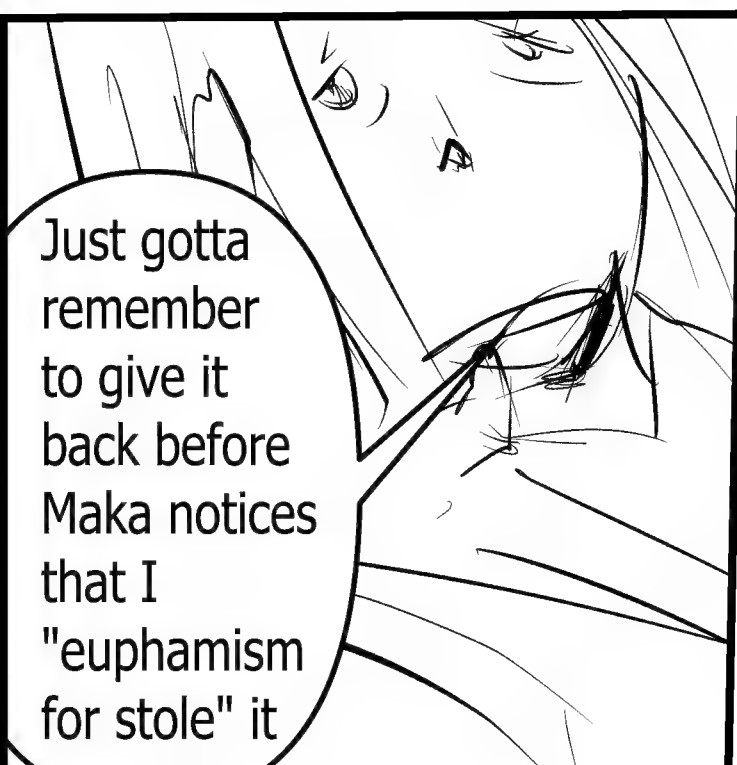

Yikes, how does Ragnarok like this movie?

\*munch\*

munch

Atleast some of the clothes look stylish...

Just gotta remember to give it back before Maka notices that I "euphamism for stole" it

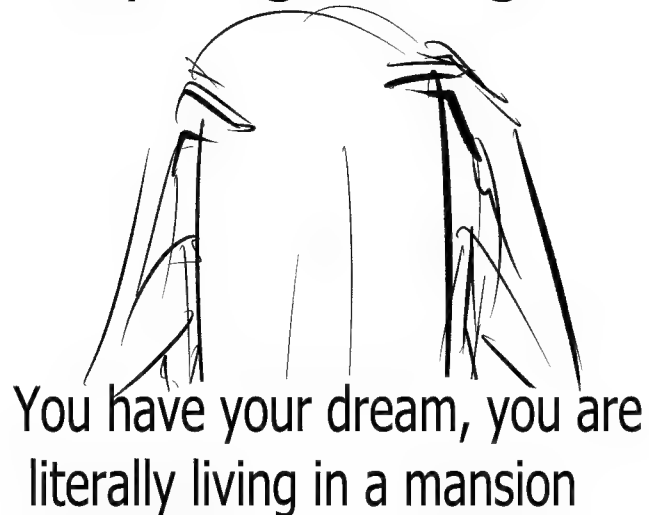

Still I feel like I should be doing something else...

Who am I kidding?!

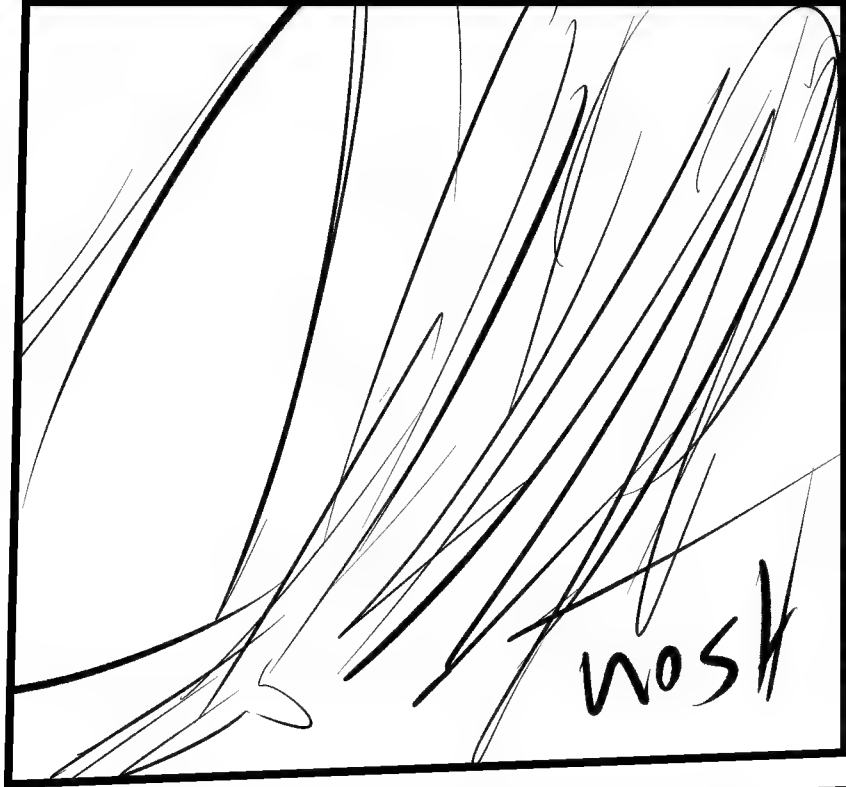

Everything is alright, Liz

You have your dream, you are literally living in a mansion

All the difficult  
decisions I had  
to make back  
in the rotten apple..

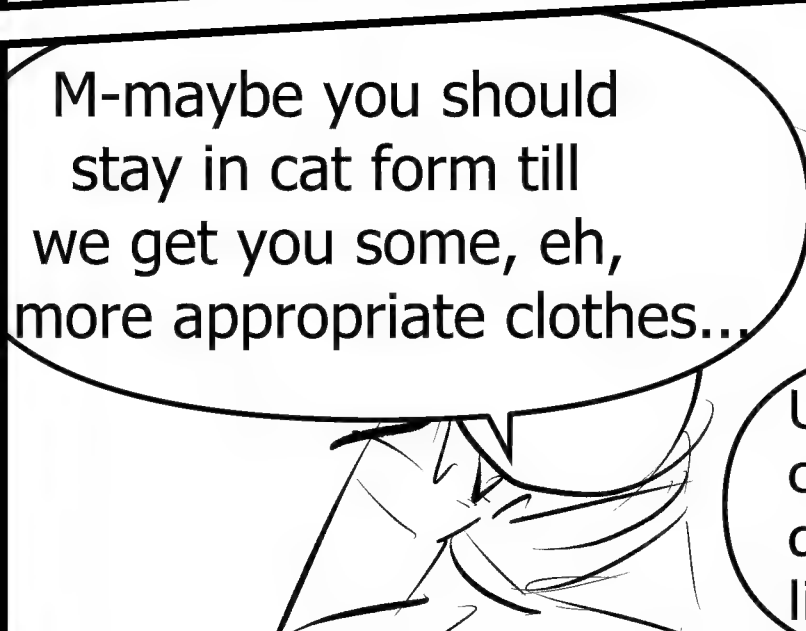

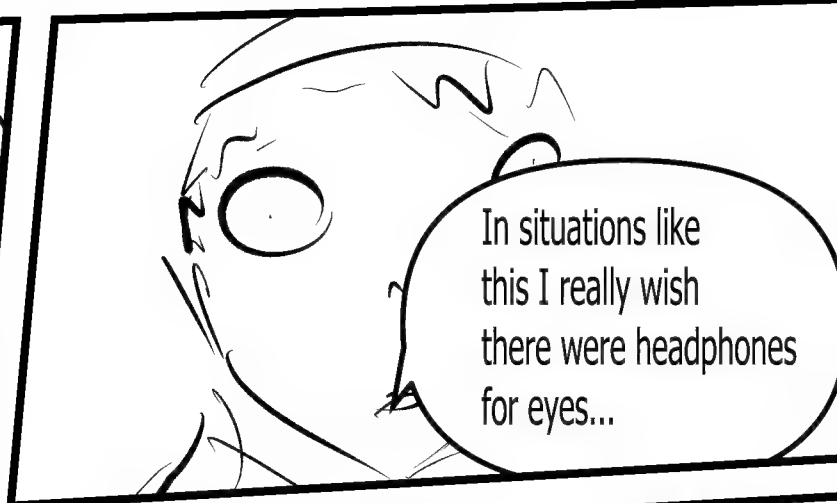

So I will do what  
is necessary again,  
and no stupid book  
can stop me, no matter  
how many trees it killed!

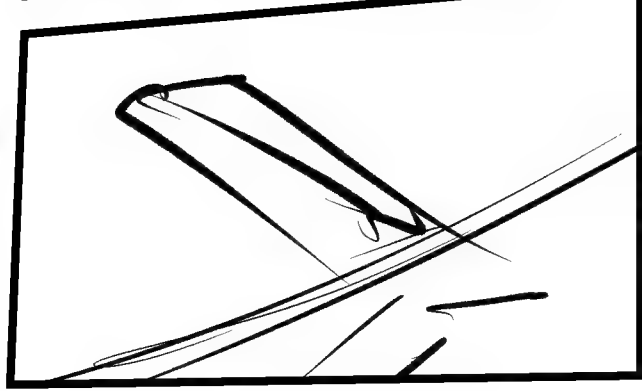

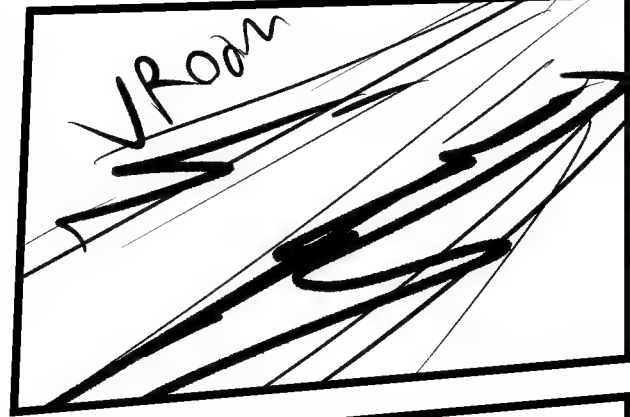

That's what I  
choose

to be  
human  
for once

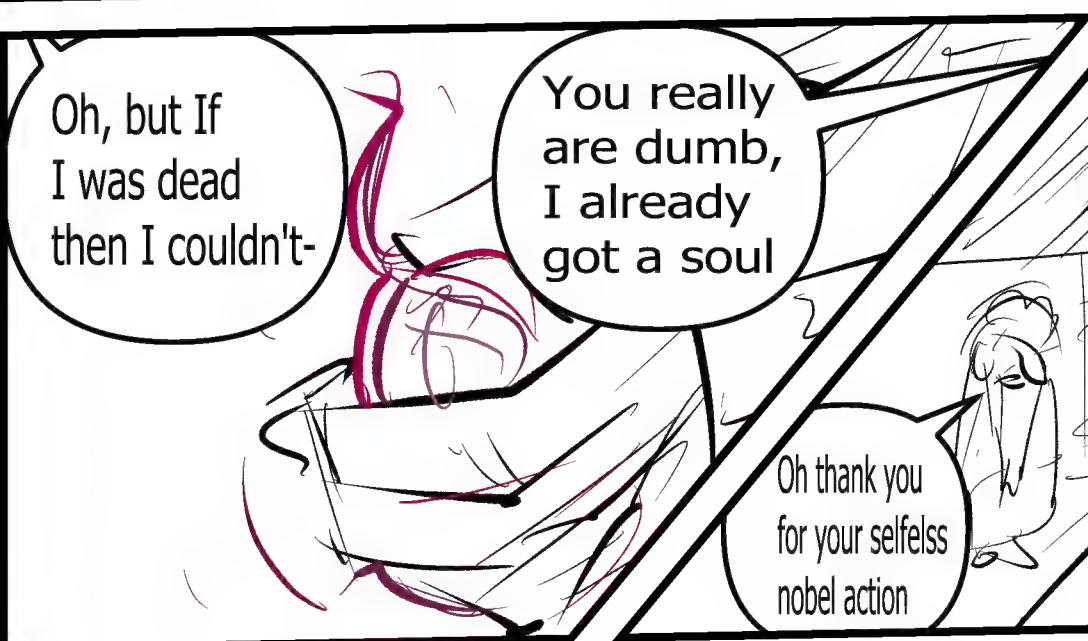

Th-thank  
you...

For what?  
Not cutting  
you into  
mince meat?

Eh,  
yeah

Just repaying  
you so I don't  
get any medical  
bills in the mail

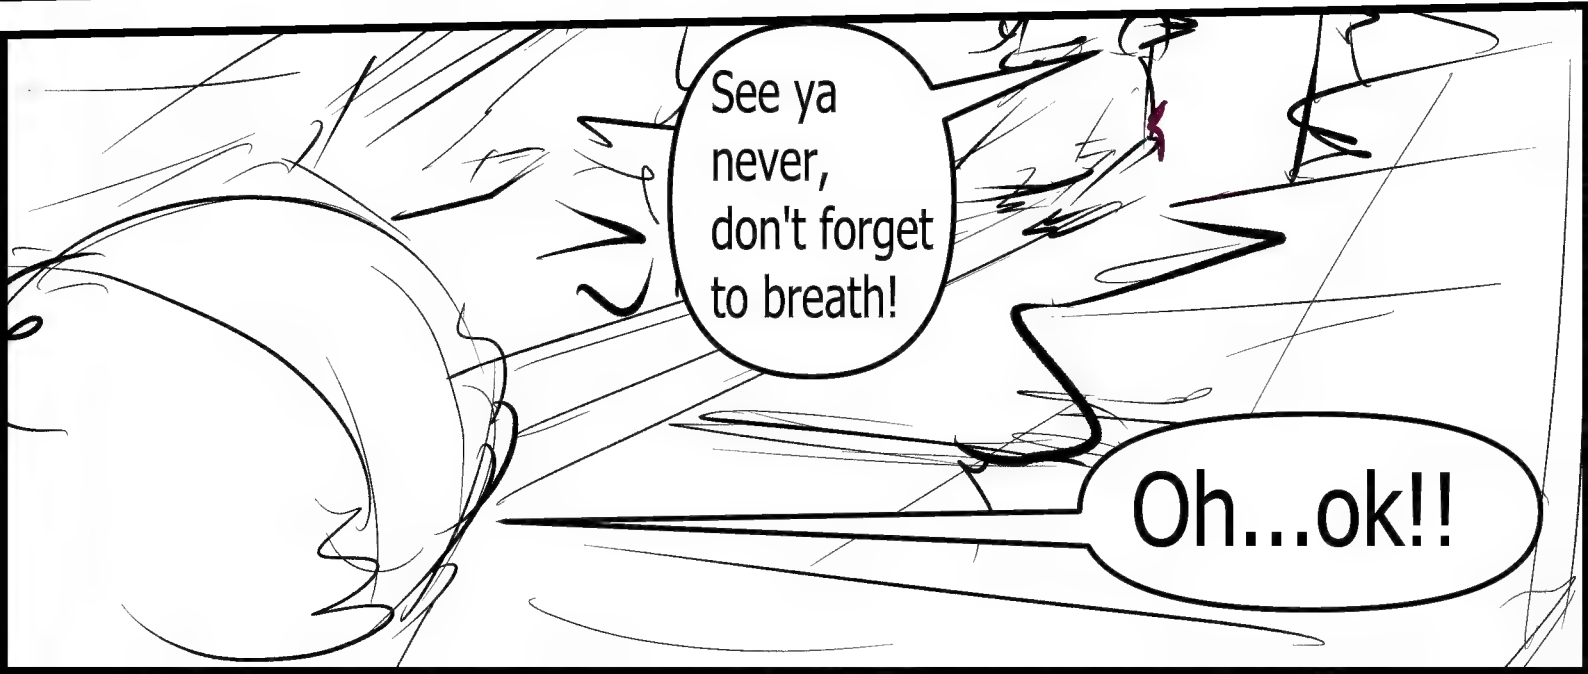

Oh, but If  
I was dead  
then I couldn't-

You really  
are dumb,  
I already  
got a soul

Oh thank you  
for your selfelss  
nobel action

+FACIAL MK

See ya  
never,  
don't forget  
to breath!

Oh...ok!!

What did the football  
head witch say before  
I put her back to sleep  
with the fishes?:

Vroom  
Something  
about attacking  
the DWMA?  
Doesn't sound  
that bad hehe...

But I had my  
fill of dealing  
with those suckers  
for several lifetimes

Maybe if  
I send this  
lightbulb they  
may get of my  
case forever...

Time to finally  
get back home!

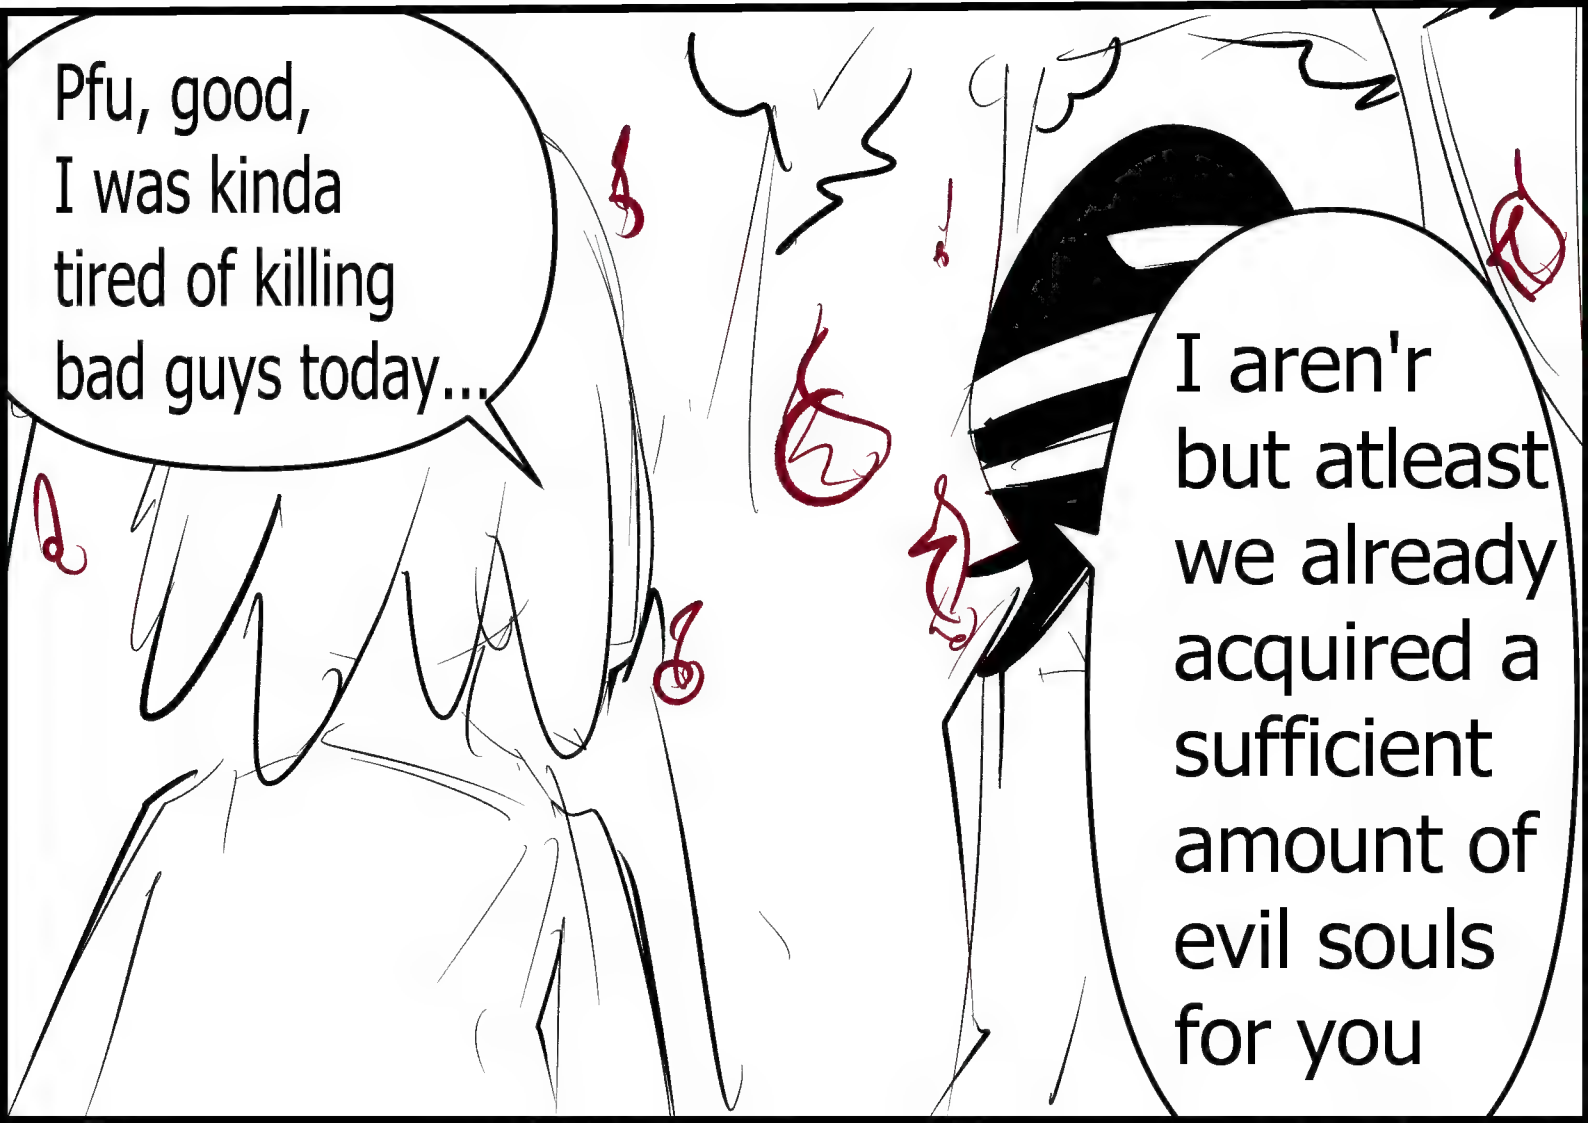

Wish I  
knew which  
way it  
is, need  
a damn map

or a compass  
atleast...

Did you  
hear that?

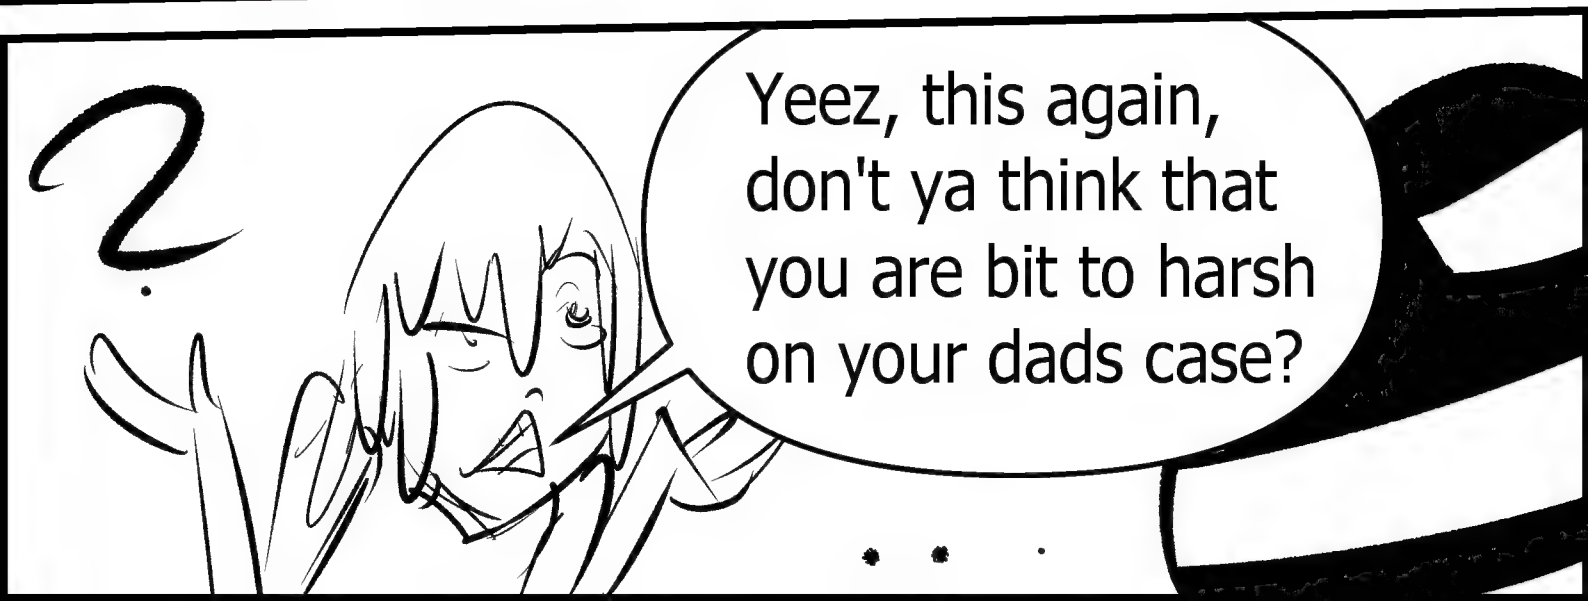

I felt  
something  
but didn't  
sense it  
being a  
kishinegg

Pfu, good,  
I was kinda  
tired of killing  
bad guys today...

I aren'r  
but atleast  
we already  
acquired a  
sufficient  
amount of  
evil souls  
for you

TOO  
HARSH?!?

The world  
is harsh, you  
should realise  
this by now!

Ahem, what  
I mean is:

Was Liz  
to harsh  
with you  
to, did it  
not lead  
to your  
current  
strength?

And doesn't the  
heavyness of this  
reality, of being  
overtaken by your  
little sister, force  
her to improve to?

If you  
say so  
...

Yes indeed! I will  
prove my father  
wrong like you  
did your sister!!!

So if you don't object lets continue towards our goals, shall we?

Why do I feel like

Yes  
Kid

this sibling rivalry went out of hand...

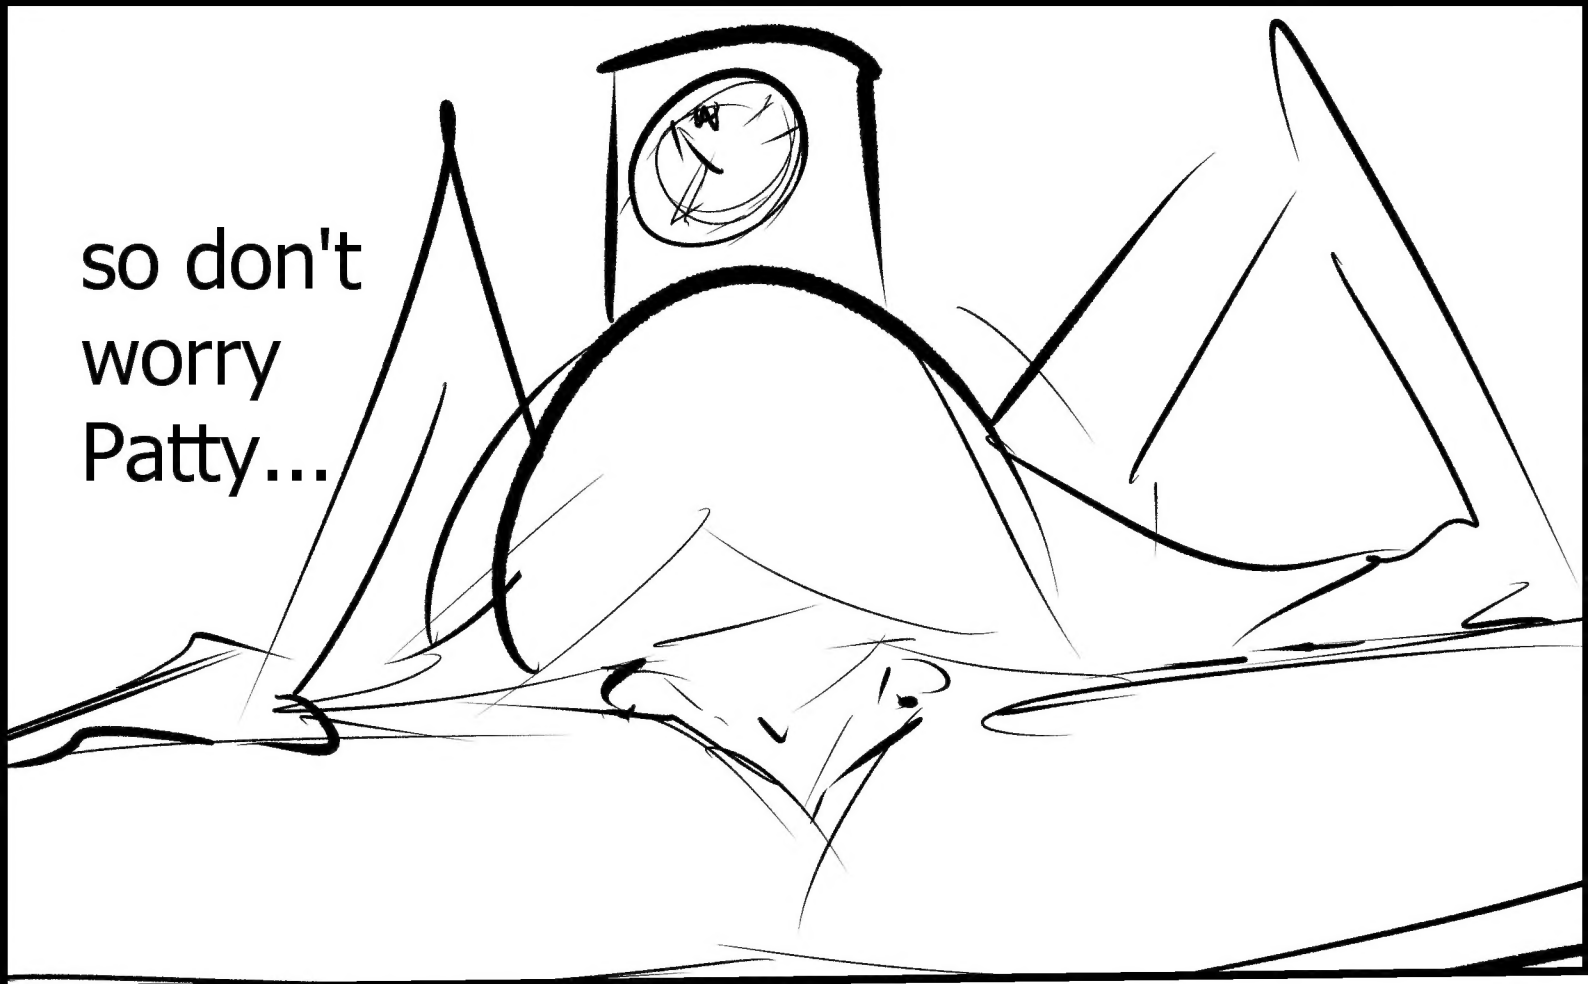

I'll just hope Kid knows what he's doing

See there is a stand here, so go and waste my money on some trinket quickly

and we didn't chew off more than we can deal with, like when one trys to eat a girafes neck in one bite

But just hold on sis...

so don't  
worry  
Patty...

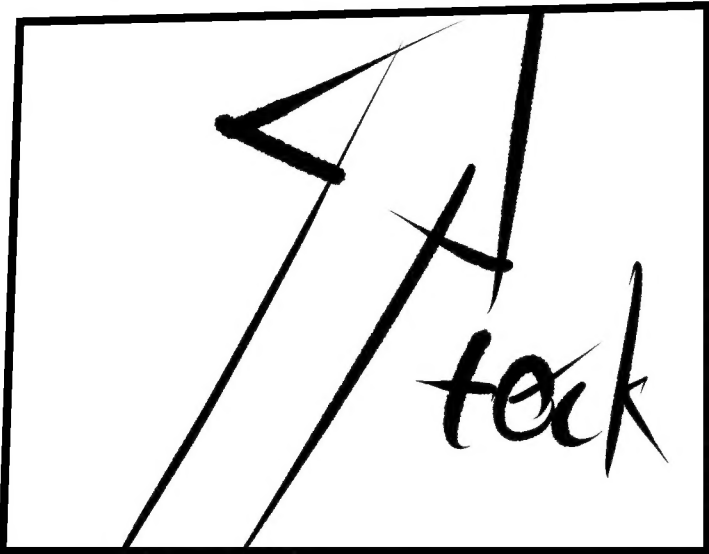

answ tick tock

tick

tock

It only would be  
funny if I misunderstood  
something and am  
reading a useless book!

And by funny I mean  
I don't even want to  
think it

but only time will tell that...

CHAPTER  
22 END
